NOTES TO INTERIM FINANCIAL STATEMENTS

Item 1. Reporting Entity

Acesite (Phils.) Hotel Corporation (the “Company”) is a 55.71%-owned subsidiary of Waterfront Philippines, Incorporated (WPI) and its ultimate parent is The Wellex Group, Inc. It was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on October 10, 1952 primarily to engage in the business of operating a hotel, or other accommodations, for the general public and to construct such facilities as may be reasonably necessary or useful in connection with the same.

The Company is the owner of Manila Pavilion Hotel (the “Hotel”). The Corporate life of the Company has been extended up to 2052. The Company’s shares have been listed in the Philippine Stock Exchange (PSE) since December 5, 1986.

Office Address

The Company’s registered office address is 8th Floor, Waterfront Manila Hotel and Casino, United Nations Avenue, Corner Ma. Orosa St. Ermita, Manila.

Item 2. Basis of Preparation

Statement of Compliance

The interim financial statements have been prepared in accordance with Philippine Financial Reporting Standards (PFRS). The financial statements of the Company as of and for the period ended March 31, 2021 were approved.

Basis of Measurement

The interim financial statements are prepared on the historical cost basis except for hotel building and equipment and furniture, fixtures and equipment, which are measured at revalued amounts less accumulated depreciation and impairment losses, and AFS investment, which is measured at fair value.

Functional and Presentation Currency

The interim financial statements are presented in Philippine peso, which is the Company’s functional currency. All financial information presented in Philippine peso has been rounded off to the nearest peso, except when otherwise stated.

Use of Estimates and Judgments

The preparation of interim financial statements in conformity with PFRS requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses and disclosure of contingent assets and contingent liabilities. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and any future periods affected.

Item 3. Summary of Significant Accounting Policies

The same accounting policies have been applied consistently for interim reporting as applied in the entity's annual financial.

Adoption of Amendments to Standards

Adopted on January 1, 2019

- PFRS 16, *Leases*, supersedes PAS 17, *Leases*, and the related Philippine Interpretations. The new standard introduces a single lease accounting model for lessees under which all major leases are recognized on-balance sheet, removing the lease classification test. Lease accounting for lessors essentially remain unchanged except for a number of details including the application of the new lease definition, new sale-and leaseback guidance, new sub-lease guidance and new disclosure requirements. Practical expedients and targeted reliefs were introduced including an optional lessee exemption for short-term leases (leases with a term of twelve months or less) and low-value items, as well as the permission of portfolio-level accounting instead of applying the requirements to individual leases. New estimates and judgmental thresholds that affect the identification, classification and measurement of lease transactions, as well as requirements to reassess certain key estimates and judgments at each reporting date were introduced. The new standard is to be applied retrospectively.
- Philippine Interpretation IFRIC-23, *Uncertainty over Income Tax Treatments* clarifies how to apply the recognition and measurement requirements in PAS 12, *Income Taxes* when there is uncertainty over income tax treatments. Under the interpretation, whether the amounts recorded in the financial statements will differ to that in the tax return, and whether the uncertainty is disclosed or reflected in the measurement, depends on whether it is probable that the tax authority will accept the Company's chosen tax treatment, the uncertainty is reflected using the measure that provides the better prediction of the resolution of the uncertainty- either the most likely amount or the expected value. The interpretation also requires the reassessment of judgments and estimates applied if facts and circumstances change- e.g. as a result of examination or action by tax authorities, following changes in tax rules or when a tax authority's right to challenge a treatment expires.
- Plan Amendment, Curtailment or Settlement (Amendments to PAS 19, *Employee Benefits*). The amendments clarify that on amendment, curtailment or settlement of a defined benefit plan, an entity now uses updated actuarial assumptions to determine its current service cost and net interest for the period. The effect of the asset ceiling is disregarded when calculating the gain or loss on any settlement of the plan and is dealt with separately in other comprehensive income.
- Annual Improvements to PFRSs 2015 - 2017 Cycle. This cycle of improvements contains amendments to four standards:
 - Previously held interest in a joint operation (Amendments to PFRS 3, *Business Combinations*, and PFRS 11, *Joint Arrangements*). The amendments clarify how a company accounts for increasing its interest in a joint operation that meets the definition of a business. If a party maintains or obtains joint control, then the previously held interest is not remeasured. If a party obtains control, then the transaction is a business combination achieved in stages and the acquiring party remeasures the previously held interest at fair value.
 - Income tax consequences of payments on financial instruments classified as equity (Amendments to PAS 12, *Income Taxes*). The amendments clarify that all income tax consequences of dividends, including payments on financial instruments classified as equity, are recognized consistently with the transactions that generated the distributable profits, i.e. in profit or loss, other comprehensive income or equity.
 - Borrowing costs eligible for capitalization (Amendments to PAS 23, *Borrowing Costs*). The amendments clarify that the general borrowings pool used to calculate eligible

borrowing costs excludes only borrowings that specifically finance qualifying assets that are still under development or construction. Borrowings that were intended to specifically finance qualifying assets that are now ready for their intended use or sale are included in that general pool.

Certain comparative amounts in the consolidated statements of financial position and consolidated statements of comprehensive income have been reclassified to better reflect the nature of accounts as disclosed in Note 1 to the consolidated financial statements.

- i. The Company is involved in a number of legal cases (labor and civil). However, adverse judgments on these will not affect the short-term liquidity of the Company. For such contingencies, management has provided adequate reserves.

Aside from the above-mentioned items, management does not know of trends and events that would have a material impact on the Company's liquidity.

- ii. On March 18, 2018, a fire broke out in the hotel property that damaged the lower floors of the main building as well as the Podium building occupied by the casino area that resulted to the suspension of the hotel operations.
- iii. The Company has an ongoing compliance for its insurance claims, the proceeds of which shall be used to restore the hotel for its continued operation.
- iv. There are no off-balance sheet transactions, arrangements, obligations and other relationships of the company with unconsolidated or other persons created during the reporting period.
- v. The business operation during the 2nd quarter of 2018 has temporary ceased due to the damages caused by fire to the property. By the end of 1st quarter of 2021, the business operation has not yet commenced.
- vi. For the first quarter of 2021, the material or significant elements of loss did not arise from the Company's operations, however, contributable to the non generation of any revenue brought by temporary closure.
- vii. Causes of material changes in the items in the financial statements from 2020 to 2021 have been discussed under management discussion and analysis above.
- viii. Causes of material changes in the items in the income statements for the 1st quarter of 2021 and 2020, and the balance sheets as of 31 March 2021 and 31 December 2020 have been discussed under management discussion and analysis above.
- ix. The hotel operation is currently suspended. This has a material effect on the financial condition and results of operations.

MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS

Below are the results of operations of the Company for the period ending March 31, 2021 and 2020 together with its financial conditions as of the same period.

RESULTS OF OPERATIONS

Quarter Ended 31 March 2021 and Quarter Ended 31 March 2020

No gross revenues registered in the same comparative period in 2021 and 2020. No room sales were reported due to the fire incident. There was zero occupancy in 1Q2021 same as 1Q2020. No room revenue contribution to the gross revenues for 1Q2021 and 1Q2020, respectively. Zero average room rate for both 1Q2021 and 3Q2020.

Zero Food and Beverage revenue was recorded in 1Q2021 and 1Q2020. Food and beverages sales have no contribution to gross revenues. Revenues generated by other operating departments including Telephone department went down completely in 1Q2021 and 1Q2020. Rent and other income have remained zero in 1Q2021 and in 1Q2020.

There was no F&B Revenue, thus, no cost of sales in both 1Q2021 and in 1Q2020. Payroll expenses decreased by 68.32% from P1.66 million in 1Q2020 to P.53 million in 1Q2021. Permanent Lay Off has been filed at the DOLE NCR on November 24, 2018 due to the fire incident that occurred in the hotel last March 18, 2018. Other expenses went down from P.10 million in 1Q2020 to P.01 million in 1Q2021. The Energy cost was recorded at P1.05 million in 1Q2021.

The Company posted a gross operating loss of P3.82 million in 1Q2021, representing decrease of P1.37 million from that recorded in 1Q2020 of P5.19 million. Gross operating profit/loss ratio in 3Q2021 and 3Q2020 stood both at 0%.

Fixed financial, operating and other expenses decreased from P23.99 million in 1Q2020 to P22.10 million in 1Q2021 with the major decrease coming from general and administrative expenses. The general and administrative expenses have a decrease from P19.17 million in 1Q2020 to P17.52 million in 1Q2021 due to the various reasons like the decrease in rental expense in 1Q2021. Marketing and guest entertainment increased from P.18 million in 1Q2020 to P.34 million in 1Q2021. No corporate expenses were recorded in 1Q2021. Real estate tax went down by 11.11% from P3.88 million in 1Q2020 to P3.53 million in 1Q2021. For 1Q2020, the Company posted a net loss of P25.92 million representing a decrease of 11.17% from loss of P29.18 million in 1Q2020.

FINANCIAL CONDITION

As of 31 March 2021 and Year Ended 31 December 2020

Total assets increased to P3.37 billion in 31 March 2021 as compared to P3.28 billion as of 31 December 2020. Current assets decreased from P1.10 billion as of 31 December 2020 to P1.03 billion as of end of 1Q2021, this is due to decrease in Cash and Other Prepaid Expenses. Cash ending balance as of 31 March 2021 of P640.95 million posted a decrease of P58.76 million. Trade receivables of P271.98 million increased by P122.04 million as of 31 March 2021 from P149.94 million as of 31 December 2020. Inventories decreased by P.079 million from P.839 million as of 31 December 2020. Prepayments and other current assets decreased to P32.80 million as of 31 March 2021 from P167.81 million as of 31 December 2020.

Property and equipment account increased by 0.06% from P1.468 billion as of 31 December 2020 to P1.476 billion as of 31 March 2021. No changes have been noted from the Available for Sale investment account from 31 December 2020 to the 1Q2021. Other non-current assets of P724.46 million as of end of 1Q2021 increased by P35.78 million from P688.67 million as of 31 December 2020 due to decrease of deposits to contractors and transferred to Construction in Progress during the year.

Total liabilities increased from P1.31 billion as of 31 December 2020 to P1.09 billion as of 31 March 2021. Trade and other current payables decreased from P496.29 million as of 31 December 2020 to P380.22 million as of 31 March 2021. Non-current liabilities decreased by P100.55 million from P322.62 million as of 31 December 2020 to P222.07 million as of 31 March 2021.

TOP FIVE (5) PERFORMANCE INDICATORS

The top five (5) key performance indicators, as discussed herein, are presented on comparable basis and compared with figures attained from prior years operation, and are more fully explained as follows:

	March 2021	March 2020
Occupancy Rate	-	-
Average Room Rate	-	-
Revenues	-	-
Gross Operating Profit	-	-
Gross Operating Profit Ratio	-	-

- 1) Occupancy rate is the number of hotel room-nights sold for the period divided by the number of room-nights available for the period; 2) Average room rate is the total room revenue for the period divided by the total number of hotel room-nights sold for the period; 3) Revenues are broken down on a departmental basis; 4) Gross operating profit ratio is computed as a percentage of revenues; and 5) Total Fixed, Financial and Other Charges are presented in the comparative.

FINANCIAL RISK MANAGEMENT

Risk Management Structure

BOD

The BOD is mainly responsible for the overall risk management approach and for the approval of risk strategies and principles of the Group. It also has the overall responsibility for the development of risk strategies, principles, frameworks, policies and limits. It establishes a forum of discussion of the Group's approach to risk issues in order to make relevant decisions.

Risk Management Committee

Risk management committee is responsible for the comprehensive monitoring, evaluation and analysis of the Group's risks in line with the policies and limits set by the BOD.

Financial Risk Management Objectives and Policies

The Group's principal financial instruments consist of cash, trade receivables, AFS investment, trade payables and loan payable. The main purpose of these financial instruments is to finance the Group's operations. The Group has various other financial instruments such as other current receivables, other current payables, and concessionaires' and deposits which arise directly from operations.

The main risks arising from the financial instruments of the Group are credit risk, liquidity risk, interest rate risk, foreign currency risk and equity price risk. The Group's management reviews and approves policies for managing each of these risks, and these are summarized below.

Credit Risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's trade and nontrade receivables. There has been no change to the Group's exposure to credit risk or the manner in which it manages and measures the risk since prior financial year.

The Group trades only with recognized, creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis with the result that the Group's exposure to bad debts is not significant. The Group grants advances to its affiliates after the BOD reassesses the Group's strategies for managing credits and views that they remain appropriate for the Group's circumstances.

The amounts presented in the statements of financial position are net of allowances for impairment losses on receivables, estimated by the Group's management based on prior experience and its assessment of the current economic environment.

With respect to credit risk from other financial assets of the Group, which comprise mainly of cash, amounts owed by related parties and receivables from Acesite Limited (BVI), the exposure of the Group to credit risk arises from the default of the counterparty, with maximum exposure equal to the carrying amount of these instruments.

At the reporting date, other than the trade and other receivables, there were no significant concentrations of credit risk.

Liquidity Risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due because of an inability to liquidate assets or obtain adequate funding. The Group's exposure to liquidity risk arises primarily from mismatches of the maturities of the financial assets and financial liabilities. There has been no change o the Group's exposure to liquidity risk or the manner in which it manages and measures the risk since prior financial year.

The Group monitors and maintains a level of cash deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. Additional short-term funding is obtained from related party advances and short-term bank loans, when necessary.

Ultimate responsibility for liquidity risk management rests with the BOD, which has built an appropriate liquidity risk management framework for the management of the Group's short, medium and long-term funding and liquidity management requirements.

The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. The Group manages liquidity risk by maintaining adequate reserves, continuously monitoring forecasts and actual cash flows and matching the maturity profiles of financial assets and liabilities.

For the Group's short-term funding, the Group's policy is to ensure that there are sufficient working capital inflows to match repayments of short-term debt.

Market Risks

Market risk is the risk that the fair value or cash flows of a financial instrument of the Group will fluctuate due to change in market prices. Market risk reflects interest rate risk, foreign currency risk, and other price risks.

The Group is primarily exposed to the financial risks of changes in interest rates, foreign currency exchange rates and equity prices of its AFS investment. There has been no change to the Group's exposure to market risks or the manner in which it manages and measures the risk since prior financial year.

Interest Rate Risk

Cash flow interest rate risk is the risk that the future cash flow of the financial instruments will fluctuate because of the changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates. The Group's exposure to interest rate risk arises primarily from its loans and borrowings.

Foreign Currency Risk

Foreign currency risk arises when future commercial transactions and recognized assets and liabilities are denominated in a currency that is not the Group's functional currency.

As a result of the loan payable from ICBC which is denominated in US dollar, the Group's consolidated statements of financial position can be affected by movements in this currency. Aside from this, the Group does not have any material transactions denominated in foreign currency as its revenues and costs are substantially denominated in Philippine peso.

The Group monitors and assesses cash flows from anticipated transactions and financing agreements denominated in US Dollar. The Group manages its foreign currency risk by measuring the mismatch of the foreign currency sensitivity gap of assets and liabilities.

Equity Price Risk

Equity price risk is the risk that fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market

The Group is exposed to equity price risk because of its investment in shares of stock of WPI held by the Group which is classified in the statements of financial position as AFS investment. These securities are listed in the PSE. The Group has an outstanding investment in these securities equivalent to 86,710,000 shares as of March 31, 2021.

The Group is not exposed to commodity price risk.

The Group monitors the changes in the price of the shares of stock of WII. In managing its price risk, the Group disposes of existing or acquires additional shares based on the economic conditions.

Financial Instruments

Fair Value of Financial Assets and Liabilities

The carrying amount of cash, trade and other current receivables, amounts owed by related parties, loan payable, and trade and other current payables approximate their fair values due to the short-term maturity of these instruments.

The fair values of concessionaires and deposits approximate their carrying amount as these are carried at present values discounted using discount rates approximating average market rates as of reporting periods. Discount rates used ranged from 5.8% to 7.71% in 2011

Fair Value Hierarchy

The table below analyzes financial instruments carried at fair value by valuation levels. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The approximation of the fair value of the Company's AFS investment is based on Level 1.

Determination of Fair Value

Fair value is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price), regardless of whether that price is directly observable or estimated using another valuation technique. Where applicable, the Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are

available to measure fair value, maximizing the use of relevant observable input and minimizing the use of unobservable inputs.

When measuring the fair value of an asset or liability, the Group uses market observable data as far as possible.

The Group's investment is based on quoted prices (unadjusted) in active markets for identical assets or liabilities.
